You asked for it, you got it!

TIPS is now available to all individuals working with young children and parents in Arkansas.

TIPS provides professional development and best practice parenting information. Whether you have been trained in TIPS or not, come check out the new TIPS App.

For a TIPS training near you, visit the TAPP website or www.tipsforgreatkids.com and click on the green training tab.

TIPS – Teaching Important Parenting Skills Basic Training

Tuesday, January 31 – 9:00 am – 12:00 pm

Tuesday, March 7 – 6:00 pm – 9:00 pm

TIPS is an exciting way of educating teachers and parents on a wide variety of early childhood topics. TIPS trained staff will have access to best practice parenting information immediately at their fingertips via the web, Android, and Apple platforms. This training emphasizes teacher-parent partnerships in the context of promoting positive child outcomes. Participants will learn practical strategies for assessing parent's needs and interests, as well as how to deliver parenting information through brief conversations with parents.

The TIPS for Great Kids app is a web-based application; therefore, those with access to computers, tablets, and/or smartphones in the classroom will greatly benefit from this training.

Bring your laptop, tablet, or smartphone for immediate access to the TIPS app.
